The Med Spot VIP Membership Program...[How it works:](#)

Choose from two levels:

\$149 /Monthly or \$279/Monthly

After your Initial consultation with Dr. Michelle Reyes, she will then determine the order of your treatments so that you receive the maximum benefits from your annual program. As a member you will enjoy one treatment every month, during the course of the year. Memberships may be paid upfront or will be deducted automatically from your credit card on a monthly basis. All treatments must be completed within the year, and a one month activation fee is required to begin your membership. If any membership is cancelled prior to the year term a one month fee will be deducted.
